Experience

3D-DMP for VFX- The Academy at The Focus - Nov 2021- Dec 2021

Completed the 3D-DMP course by The Focus's Academy. I learned to manipulate, stitch-together and clean up backgrounds/clean-plates in Photoshop. Using Nuke and Maya, I learned camera projection-mapping. For the final project I implemented all the skills I gained during the course, clean-plate, projection and model my own assets for my own scene.

Texture Artist - Student Project - Ole - Sept 2019-Nov 2019

Savannah, GA

Collaborated with the Director on a CG animated short film. Creating necessary texture maps for 3D assets using Substance Painter.

Texture Artist - Student Project - Our House is on Fire - Oct 2019- Nov 2019

Savannah, GA

Worked in a small team, UVing and texturing assorted 3D models.

Weekend Video Editor - KIII TV - Aug 2015-Mar 2017

Corpus Christi, TX

Sorted and Edited Video files for the morning news. Job involved adjusting audio levels and edit the videos according to the rundown using Sony Vegas with a heavy focus on time management.
